Grade 6 Discovery Information (2025-2026)

All Grade 6 students in the General Program and French Immersion Program are enrolled in Discovery. This class will happen every day during Period 5 and will provide students with a wide variety of experiences and opportunities aimed to expose students to most of the potential options available to them once they enter Grade 7.

We are excited to have a diverse and experienced teaching staff delivering this program: Mr. Pagé, Miss Laing, and Mr. Gordon! Alberta Education requires Grade 6 students to receive instruction in Music and Art. Both of these classes will be included as part of the wide variety of experiences offered in Discovery.

Because of the flexibility built into this program, we will announce detailed plans for Discovery one month at a time. For September, here is some of what students can expect:

Music/Band - Mr. Gordon

Art - Mr. Pagé

Games - Mr. Gordon

Fitness - Miss Laing

More information will be shared with you from the Discovery staff in September!
